SPONSORSHIP OVERVIEW

Cancer directly touches the lives of your customers and employees. Our distinguished and community events align with your business or personal objectives while also helping fight back against a disease that has, or will, touch nearly every consumer/customer, employee, colleague, member of the community or a loved one. Partnering with the American Cancer Society through a sponsorship will bolster your reputation and highlight your commitment to serving the community. Our brand will showcase your organization and foster stronger relationships within the communities where your customers and employees live and work.
